## Reading Rally Sponsorship 2020-2021

February is Lower School Reading Rally month at The Wilberforce School. During Reading Rally, we challenge ourselves to read more than usual, to meet new authors, and to discover different genres. This year, we encourage students to explore both fiction and non-fiction books, particularly about cultures that are not their own. By the end of the month, each student seeks to meet an impressive reading goal.

Another goal of Reading Rally is to ask family and friends to sponsor our students. As students pledge to meet reading goals, sponsors pledge to donate money to our school. As you consider supporting the reading efforts of our students, know that you are investing in classrooms that reflect our love for learning, love for literature, and love for students.

Through Reading Rally 2019-2020, we raised \$2,025, which went toward the purchase of books for classroom libraries. This year, The Wilberforce School is growing and expanding! We will be building new classrooms on the ground floor. By giving, you would be helping to furnish new classroom libraries and to stock shelves with rich literature.
